JUL 11 2002  
OFFICE OF PETITIONS

Dear Ms. Tang:

On July 3, 2002, you telephoned me to ask whether I wished to make the correction of the filing date part of the Petition to Rescind Notice of Missing Parts that I mailed to the USPTO on March 14, 2002. I replied that I had already submitted

to the Office of Initial Patent Examination, Customer Service Center, USPTO, a Request for Corrected Filing Receipt on March 11, 2002 requesting that the USPTO correct the error that it had made in the filing date. Enclosed is a copy of said Request for Corrected Filing Receipt, including accompanying documentation. Also enclosed is a copy of the postcard my law firm received from the USPTO showing the erroneous filing date of November 29, 2001, rather than the correct filing date of October 29, 2001.

Please correct the filing date at the same time that you address the other issues that I presented in the Petition to Rescind Notice of Missing Parts on March 14, 2002.

The Commissioner is authorized to charge any fees required in connection with the submission of this Supplement to Petition, and to credit any overpayment, to deposit account 19-2555. This document is being submitted in duplicate.

Respectfully submitted,

**REQUEST FOR CORRECTED FILING RECEIPT**

SIR:

Enclosed is a copy of the Official Filing Receipt mailed by the USPTO on February 28, 2002. It contains the following two errors:

1. The filing date is erroneously stated as November 29, 2001. The correct filing date is October 29, 2001, as evidenced by the a) New Utility Patent Application Transmittal; and b) receipt issued by the United States Postal Service indicating that Applicants' representative did in fact deposit the package containing the application with the United States

**RECEIVED**

JUL 11 2002

OFFICE OF PETITIONS

Postal Service on October 29, 2001. True copies of each of these documents marked, respectively, Exhibit A and Exhibit B, are enclosed.

2. The number of drawings is erroneously stated as 5. The correct number of drawings submitted is 8, as evidenced by the New Utility Patent Application Transmittal, a copy of which is enclosed.

Please issue a corrected Filing Receipt rectifying these two errors that were made by the USPTO.

Respectfully submitted,

Date Mailed: 02/28/2002

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
